Date: October 22, 2018 (3hrs) 1pm-4pm

Cost: \$50 per class

An Introduction to Birding

This course will help you get started in birding. To develop identification skills, you will learn how to use field marks, song, behavior and habitat in identifying birds. We review binoculars, field guides and smartphone apps that will enhance your birding experience and discuss the opportunities that abound in Saskatoon to make birding an enjoyable activity for you. No experience or equipment is required, but if you have a bird field guide please bring it with you. The 3rd session will be held outdoors at a city park.

Dates: Tuesdays, September 4, 11 & 18 (2hrs) 2:00 – 4:00 Cost: \$30
